DISTRICT NARRATIVE

2025-2026

The Nederland Independent School District encompasses approximately 25 square miles and is located in the central part of Jefferson County. District boundaries include the City of Nederland as well as parts of the cities of Port Arthur and Port Neches. The population of the district is approximately 20,000.

The district operated on an annual budget of roughly \$66.4 million, of which approximately 43 % of the revenue is generated from state funds, 56% from local funds, and 1% from federal funds. The unencumbered surplus fund balance at the close of the previous fiscal year was approximately \$11.1 million, which represents 17% of the total budget.

Nederland students are served in four elementary schools, two middle schools, one high school, and an alternative school. The district's instructional program is well balanced, comprehensive, and addresses all T.E.A. requirements and standards. All classrooms are connected to a district-wide network and the Internet. An on-going staff development program provides teachers with skills for implementing a technology-enhanced educational delivery system to enable students to excel in an information-driven society. All schools have well-equipped libraries and students may make use of library services before, during, and after school hours. Circulation and cataloging are automated, and a variety of online research tools are available. The instructional program is enhanced by a broad spectrum of elective courses available to students beginning in the intermediate grades. Students at the high school are able to earn college credit through dual credit/co-enrollment course offerings, advanced placement (AP) course offerings, and articulation agreements with a number of colleges and universities throughout the state. In addition, many career and technical certifications may be earned through the CTE Program.

The district provides a continuum of services appropriate for students with disabilities in the least restrictive environment. Programs include services for students with speech or language disabilities, learning disabilities, emotional problems, learning disabilities, physical disabilities, other health impairments, or multiple disabilities. Special education programs are in compliance with mandates of the Texas Education Agency and the Individuals with Disabilities Education Act (IDEA).

Other programs for special populations of students are available on each campus. These include language arts and mathematics remediation, Bilingual, English as a second language (ESL), and the Challenge Program for the gifted/talented.

The district offers an extended year accelerated instruction program for elementary school students who fall below standard expectation in reading or mathematics. Secondary school students may take make-up courses or a limited number of advanced placement courses during the summer. Swimming instruction is provided each summer through the Swim America Program.

The Nederland Independent School District will take steps to assure that the lack of English language skills will not be a barrier to admission and/or participation in all educational and vocational programs.

The Nederland Independent School District is an equal opportunity employer and does not discriminate on the basis of age, race, religion, color, national origin, sex, or disability in employment matters, in its admission policies, or by excluding from participation in, denying access to, or denying the benefits of district services, academic and/or vocational programs, or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended; and Title II of the Americans with Disabilities Act.

2025 Accountability Rating: The overall rating earned by the district or campus for 2025.

2025 Special Education Determination Status (district TAPR only): This label represents an integrated determination level status based on an evaluation of each local educational agency's (LEA) Results Driven Accountability (RDA) indicators in the special education program area and four Federally Required Elements (FREs), which include the State Performance Plan (SPP) compliance indicators 9, 10, 11, 12, and 13; data integrity; uncorrected noncompliance; and financial audit findings. Each LEA receives one of four special education determination levels (DLs):

Meets Requirements

Needs Assistance

Needs Intervention Needs

Substantial Intervention

2025 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration) (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter. (*Data source: PEIMS ArmedServicesVocAptBattery E1625*)

Performance

STAAR: A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

Other Important Information:

STAAR (with and without accommodations) and STAAR Alternate 2. The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

Spanish STAAR. All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

Rounding of STAAR results. STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

Masking. STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2025/masking.html>.

Progress (Annual Growth, Accelerated Learning and STAAR Progress Measure)

School Progress Domain—Annual Growth is the percentage of students who grew academically by at least one school year. For STAAR assessments (with or without accommodations), annual growth is measured by a transition table. Individual student growth is calculated as the change between Low Did Not Meet Grade Level, High Did Not Meet Grade Level, Low Approaches Grade Level, High Approaches Grade Level, Meets Grade Level, and Masters Grade Level performance from the prior year to the current year.

School Progress Domain—Accelerated Learning is the percentage of students who earned Did Not Meet Grade Level in the prior year and were accelerated to Approaches Grade Level or above in the current year.

The above measures were used to determine the Annual Growth and Accelerated Learning in the Bilingual Education/ESL report.

Bilingual Education/ESL

Bilingual Education (BE): Dual-language program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the development of literacy and academic skills in the primary language and English. This category includes the following:

- *BE Trans Early Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than two or later than five years after the student enrolls in school.
- *BE Trans Late Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school.
- *BE Dual Two-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are integrated with non-EB/non-EL students and are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in English and

(TAPR) Glossary

another language with at least half of the instruction delivered in the non-English program language for the duration of the program.

- *BE Dual One-Way*. Bilingual/biliteracy program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in the students' primary language as well as English, with at least half of the instruction delivered in the students' primary language for the duration of the program.

English as a Second Language (ESL): An English acquisition program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the integrated use of second language acquisition methods. This category includes the following:

- *ESL Content-Based*. An English acquisition program that serves students identified as EB students/ELs through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies.
- *ESL Pull-Out*. An English program that serves students identified as EB students/ELs through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model.

Alternative Language Program (ALP): An alternative language program provided to emergent bilingual (EB) students/English learners (ELs) for whom the local education agency (LEA) does not have the appropriately certified teachers for the required bilingual education or English as a second language (ESL) program for the current school year. This category includes the following:

- *ALP Bilingual (Exception)*. An alternative language program to the required bilingual education (BE) program approved by the TEA for the current school year due to the LEA's submission of a bilingual education exception application.
- *ALP ESL (Waiver)*. An alternative language program to the required English as a second language (ESL) program approved by the TEA for the current school year due to the LEA's submission of an ESL waiver application.

Emergent Bilingual (EB) Students/English Learner (EL): The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. As a result of the 87th Texas Legislature, the term "emergent bilingual student" replaced the term of "limited English proficient (LEP) student" used in the Texas Education Code (TEC), Chapter 29, Subchapter B, and thus, will be changing the term of "English learner (EL)" used in 19 TAC Chapter 89, Subchapter BB. These terms describe the same group of Texas students. In the revised Texas Education Data Standards (TEDS), the terms of "emergent bilingual" and "English learner" have been bridged as EB/EL. The term "English learner" is still used in federal regulations and guidance. This category includes:

- *EB/EL with Parental Denial*. Students identified as emergent bilingual (EB) students/English learners (ELs) whose parents have denied all bilingual and ESL program services.
- *Never EB/EL*. Students who have never been identified as EB students/ELs (non-EB/non-EL students).

2024–25 Texas Academic Performance Report

(TAPR) Glossary

- **Total EB/EL (Current).** Students currently identified as EB students/ELs, including those served in a standard or alternative bilingual or ESL program as well as those with a parental denial of services.
- **Monitored & Former EB/EL.** Students who were once identified as EB students/ELs but have reclassified as English proficient, including students within their four years of state and federal monitoring and those beyond monitoring years.

STAAR Participation (2024–25)

This Texas Academic Performance Report (TAPR) provides the State Assessment participation rate as used in State Accountability. This participation rate includes students who are considered participants for state reporting purposes but are excluded from the federal participation rate. The report details the participation rate by All Tests, Reading, Mathematics, Science, Social Studies, and Accelerated Testers and which assessments and students are included or excluded from accountability.

Assessment Participants

- **STAAR Assessments:**
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "S."
- **STAAR Alternate 2 Assessments:**
 - Includes assessments with a score code of "N."
- **STAAR Reading Language Arts (RLA) Assessments:**
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S."
- **STAAR Mathematics Assessments:**
 - Includes assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S" for year 1 asylees/ refugees or students with interrupted formal education (SIFEs).
- **Accelerated Testers:**
 - This includes Evidence-Based Reading and Writing (EBRW) SAT, English Language Arts (ELA) ACT, ACT science, and mathematics SAT and ACT results for students who complete a STAAR End-of-Course (EOC) assessment at the Approaches Grade Level or above in Algebra I, English II, and/or Biology before grade 9.

Included in Accountability:

- This represents the state assessment participation rate used in state accountability measures.
- Includes all of the participants listed above, except for students classified as "Mobile" or under "Other Exclusions."

Not Included in Accountability:

- **Mobile:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate because the students enrolled in the district or campus after the Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) fall snapshot date.
- **Other Exclusions:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate for the following reasons:

2024–25 Texas Academic Performance Report (TAPR) Glossary

- STAAR Assessments (STAAR and STAAR Alternate 2) with score codes "A" or "O" that do NOT have a corresponding TELPAS or TELPAS Alternate assessment with a score code of "S."
- STAAR Alternate 2 assessments with a score code of "N."
- Answer documents of students who are an Emergent Bilingual/English learner (EB/EL) who has been in school in the U.S. for one year.
- Other exclusions specified in the 2025 Accountability Manual — [Appendix G](#).

Not Tested

- Assessments that are not considered in the participation rate include:
 - Absent: Assessments with a score code of "A."
 - Other: Assessments with a score code of "O."
 - Accelerated Testers: Accelerated testers who did not take an SAT/ACT assessment.

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%.

Attendance, Graduation, and Dropout Rates (2024–25)

Attendance Rate: The percentage of days that students were present based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation.

Attendance is calculated as follows:

$$\frac{\text{total number of days that students in grades 1–12 were present during the 2023–24 school year}}{\text{total number of days that students in grades 1–12 were in membership during the 2023–24 school year}}$$

(Data source: PEIMS 42400)

Chronic Absenteeism: The unduplicated number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days. Chronic Absenteeism is calculated as follows:

$$\frac{\text{total number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days during the 2023–24 school year}}{\text{total number of K–12 students enrolled for at least 10 days during the 2023–24 school year}}$$

(Data source: PEIMS 42400)

Annual Dropout Rate: The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

2024–25 Texas Academic Performance Report

(TAPR) Glossary

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided services by an open-enrollment charter school exclusively as the result of having been detained at the facility
- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services
- Is a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

Annual Dropout Rate (Gr 7–8). This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2023–24 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2023–24 school year}}$$

Annual Dropout Rate (Gr 9–12). This includes grades 9 through 12. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9–12 during the 2023–24 school year}}{\text{number of students in grades 9–12 in attendance at any time during the 2023–24 school year}}$$

2024–25 Texas Academic Performance Report

(TAPR) Glossary

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the Secondary School Completion and Dropouts in Texas Public Schools reports, available on the TEA website at [Completion, Graduation, and Dropout | Texas Education Agency](#).

For detailed information on data sources, see Appendix H in the [2025 Accountability Manual](#). (Data source: PEIMS 40203, 40110, 42400, and 42500)

Longitudinal Rates: The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2020–21. They are followed through their expected graduation with the Class of 2024.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2019–20. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2023.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2018–19. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2022.

Additional Information on Cohorts:

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2020–21 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2020–21 but takes 5 years to graduate (i.e., graduates in May 2025) is still part of the 2024 cohort; he or she is not switched to the 2025 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2024. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

4-Year Longitudinal Rate

number of students in the 2022 cohort*

The graduation rate calculation is modified to credit AEA campuses for graduates, continuing students (continuers), TxCHSE recipients, and previous dropouts who complete. The completion rate component includes the six-year rates.

- * The cohort in the denominator of the formulas shown above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with the leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, 88, 89 or 90. See *Annual Dropout Rate* for a list of all the exclusions mandated by state statute for districts and campuses.

The graduation, continuation, TxCHSE recipient, and dropout rates sum to 100% (some totals may not equal exactly 100% due to rounding). Students served through special education who graduate with an individualized education program (IEP) are included as graduates.

Additional Information about Federal Graduation Rates

In addition to the detailed breakdown of the four-, five- and six-year longitudinal rates, the district and campus reports show federal graduation rates for the following:

- (1) *4-Year Federal Graduation Rate*. Cohort of students who first attended ninth grade in 2020–21. They are followed through their expected graduation with the Class of 2024. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2024

number of students in the 2023 cohort**

- (3) *6-Year Extended Federal Graduation Rate.* Cohort of students who first attended ninth grade in 2018–19. They are followed for six years to see if they graduated within two years after their expected graduation with the Class of 2022. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2024

number of students in the 2022 cohort**

** The cohort in the denominator above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, or 90. Students with leaver codes 88 and 89 are included in the federal rates.

A student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district is excluded from district and campus graduation rates calculated for federal accountability purposes. Students served by special education who graduate with an individualized education program (IEP) are included as graduates.

College, Career, or Military* Readiness (CCMR) (2024–25)

Annual graduates demonstrate college, career, or military readiness in any one of the following ways:

College Readiness

- 1) **Texas Success Initiative (TSI) Criteria:** Meet Texas Success Initiative (TSI) Criteria in RLA and Mathematics. A student meeting the TSI college readiness standards in both RLA and mathematics; specifically, meeting the college-ready criteria on the TSIA1 and/or TSIA2 assessment, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014 and TEC §51.338, in both RLA and mathematics. The

2024–25 Texas Academic Performance Report (TAPR) Glossary

criteria for successful completion of a college prep course should be in alignment between an LEA and the partnering IHE(s). In accordance with TEC §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported as successfully completing a course if they have met TSI exemption requirements. The assessment results considered include TSIA1 and/or TSIA2 assessments through October 2024, SAT and ACT results through the July 2024 administration, and course completion data via TSDS PEIMS. See Appendix H for additional information. A student must meet the TSI requirement for both RLA and mathematics but does not necessarily need to meet them on the same assessment. For example, a student may meet the TSI criteria for college readiness in RLA on the SAT and complete and earn credit for a college prep course in mathematics. *(Data source: PEIMS 43415, THECB, College Board, and ACT, Inc.)*

- 4) **Earn an Associate Degree:** A graduate earning an associate degree by August 31 immediately following high school graduation. *(Data source: PEIMS 40100)*
- 5) **Earn OnRamps Course Credits:** A graduate completing an OnRamps dual enrollment course and qualifying for at least three hours of university or college credit in any subject area. *(Data source: OnRamps program)*
- 6) **Graduates under an Advanced Diploma Plan and Identified as a current Special Education Student:** A graduate who is identified as receiving special education services during the year of graduation and whose graduation plan type is identified as a Recommended High School Plan (RHSP), Distinguished Achievement Plan (DAP), Foundation High School Plan with an Endorsement (FHSP-E), Foundation High School Plan with a Distinguished Level of Achievement (FHSP-DLA), or Texas First Early High School Completion Program (Texas First-DLA) *(Data source: PEIMS 40203 and 40110)*

Career/Military Readiness

- 7) **Earn an Industry-Based Certification (IBC):** A graduate earning an IBC under 19 TAC, §74.1003 and earned credit in a level 2 course or higher in an aligned Program of Study applies to the 2024 graduates. Alignment is determined by the IBC Crosswalk, which maps approved IBCs to their corresponding Programs of Study. The student must have earned the IBC associated with the Program of Study and also met the phase-in requirement. See Appendix J for a complete list of approved IBCs. The sunseting IBC limit applied within the Student Achievement and School Progress, Part B: Relative Performance domains is not applied within Closing the Gaps. Other Postsecondary Indicators (2024–25)

Advanced/Dual-Credit Course Completion (Grades 9–12): The percentage of students who completed and received credit for at least one advanced or dual-credit course. Decisions about awarding high school credit for college courses are described in Texas Administrative Code §74.25.

Appendix A lists all courses identified as advanced courses. Courses for which a student can earn dual credit are not listed because they vary from campus to campus.

Course completion information is reported by districts through the PEIMS after the close of the school year. For example, the values, expressed as percentages for grades 9–12, are calculated as follows:

(Data source: PEIMS 43415)

Any Subject.

$$\frac{\text{number of students in grades 9–12 in 2023-24 who received credit for at least one advanced/dual-credit course}}{\text{number of students in grades 9–12 who received credit for at least one course in 2023-24}}$$

Student Information (2024–25)

Please note, the Enrollment section of this report was added beginning with 2019–20. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year’s report to reports prior to 2019–2020, use the data displayed under Membership.

Enrollment: Students reported as enrolled as of the last Friday in October

Membership: Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

Total Students: The total number of public school students who were reported at any grade from early childhood education through grade 12. (Data source: PEIMS Student Entity)

Students by Grade: The count of students in each grade divided by the total number of students. (Data source: PEIMS StudentSchoolAssociation Entity)

Ethnic Distribution: The number and percentage of students who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Male/Female: The number and percentage of students who are identified as male or female. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Economically Disadvantaged: The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

Non-Educationally Disadvantaged: Those students not eligible to participate in free or reduced-price lunch or to receive any other public assistance. This is the complementary count and percentage to Economically Disadvantaged.

Section 504 Students: The count and percentage of students identified as receiving section 504 services. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Emergent bilingual students/English learner (EB/EL) : The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” (EL) and “Emergent Bilingual” (EB) are used interchangeably.

The percentage of EB/ELs is calculated by dividing the number of EB/ELs by the total number of students in the district or campus. Not all students identified as EB/ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

Students with Disciplinary Placements: The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

$$\frac{\text{number of students with one or more disciplinary placements}}{\text{number of students who were in attendance at any time during the school year}}$$

For 2024–25, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: PEIMS DisciplineAction Entity)*

(A) individuals who lack a fixed, regular, and adequate nighttime residence [within the meaning of section 11302(a)(1)]; and

(B) includes —

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings [within the meaning of section 11302(a)(2) (C)];

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(iv) migratory children (as such term is defined in section 6399 of title 20) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

(Data source: PEIMS StudentEducationOrganizationAssociation Entity)

Immigrant: The count and percentage of students identified under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term ‘immigrant children and youth’ is defined as, “individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic years.” The term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

Mobility: The count and percentage of students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

number of mobile students in 2023–24

**number of students who were in membership at any time during the
2023–24 school year**

This rate is calculated at the state, region, district, and campus level and is disaggregated by race/ethnicity, economically disadvantaged status, special education status, and emergent bilingual students/English learner status. The mobility rates shown are based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the same district or from outside the district. The region mobility rate reflects school-to-school mobility within the same region or from outside the region. *(Data source: PEIMS BasicReportingPeriodAttendanceExtension Entity)*

Attrition Rate: The percentage of students enrolled in fall 2022-23 who did not return to the same campus in the fall of 2023-24. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if the campus in which they were enrolled in 2022-23 did not offer the next grade they were expected to move into in 2023-24 or if they were at a campus in 2022-23 that was no longer active in 2023-24. Students who were retained in grade, including those in Grade 12, remained in the calculation.

Some campuses may not receive an attrition rate because all of their students are excluded from the attrition denominator due to their subsequent grade level not being offered at that campus in 2023-24. Examples of such campuses are campuses that serve single grade levels or campuses that changed the grades offered in 2023-24. Attrition Rate is calculated as follows:

2024–25 Texas Academic Performance Report (TAPR) Glossary

number of students enrolled in fall 2023 – number of students who returned in fall 2024

number of students enrolled in fall 2023

Aggregations of campus denominators and numerators are created for district, region and state levels, and rates for each of those levels are calculated from these sums.

Retention Rates by Grade: The percentage of students in Texas public schools who enrolled in fall 2024 in the same grade in which they were reported for the last six-week period of the prior school year (2023–24).

number of students enrolled in the same grade from one school year to the next

number of students enrolled from one school year who return the next year or who graduate

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR and TPRS show retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools](#) available from TEA. (*Data source: PEIMS StudentSchoolAssociation Entity*)

Data Quality (not on campus profile): The percentage of errors made by the district in the PEIMS Student Leaver Data.

Percent of Underreported Students. Underreported students are 7th–12th graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas public school district, or returned to the district by the end of the school start window. (For 2023–24 the end of the school-start window was September 27, 2024)

Class Size Averages by Grade and Subject: The average class size by grade (elementary) or selected subjects (secondary classes).

2024–25 Texas Academic Performance Report

(TAPR) Glossary

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, the average is determined based on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the “SR” prefix are not included.
- Teacher roles coded as “teacher” and/or “substitute teacher” are included.
- Only class settings coded as “regular class” are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

Staff Information (2024–25)

Total Staff: The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Professional Staff: The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Educational Aides: The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed

2024–25 Texas Academic Performance Report

(TAPR) Glossary

as a percentage of the total staff FTEs. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS StaffEducationOrganizationAssignmentAssociation Entity and StaffSectionAssociation Entity)*

Auxiliary Staff *(not on campus profile)*: The count of full-time equivalent (FTE) staff reported in PEIMS employment and payroll records who are not reported in the PEIMS StaffEducationOrganizationAssignmentAssociation or StaffSectionAssociation Entities. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: PEIMS PayrollExt Entity and StaffEducationOrganizationEmploymentAssociation Entity)*

Librarians and Counselors (Headcount): The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, if an FTE count is less than or equal to .85, the part-time headcount is equal to 1). Counselor includes PEIMS Staff Classifications 008 and 117. Librarian includes PEIMS Staff Classifications 013.

Librarians and counselors are headcounts, not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report, the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix B for PEIMS Staff Classifications (Professional Support Staff). *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Total Minority Staff: The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Ethnicity and Sex: The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Highest Degree Held: The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Years of Experience: The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Experience of Campus Leadership: The average years of experience for principals and assistant principals.

Average Years as Principal: The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

Average Years as Principal with District: The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

Average Years as Assistant Principal: The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

Average Years as Assistant Principal with District: The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

(Data source: PEIMS StaffEducationOrganizationEmploymentAssociation Entity)

Average Years Experience of Teachers: The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Average Years Experience of Teachers with District: The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: PEIMS StaffEducationOrganizationEmploymentAssociation Entity)*

Average Teacher Salary by Years of Experience (regular duties only): Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS PayrollExt Entity)*

Average Actual Salaries (regular duties only): For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix B for lists of the PEIMS staff classifications included in each category.

Teachers. Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

Professional Support. Therapists, nurses, librarians, counselors, and other campus professional personnel.

Campus Administration (School Leadership). Principals, assistant principals, and other administrators reported with a specific school ID.

Central Administration (not on campus profile). Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

Instructional Staff Percent (district profile only): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2024–25 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Turnover Rate for Teachers (not on campus profile): The percentage of teachers from the fall of 2023–24 who were not employed in the district in the fall of 2024–25. It is calculated as the total FTE count of teachers from the fall of 2023–24 who were not employed in the district in the fall of 2024–25, divided by the total teacher FTE count for the fall of 2023–24. Teachers include PEIMS Staff Classifications (Role IDs) 087 and 047. Staff who remained employed in the district but not as teachers also count toward teacher turnover. Staff Exclusions (not on campus profile): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

Shared Services Arrangement (SSA) Staff are staff who work in schools located in districts other than their employing district or whose assigned organization (in PEIMS) shows a code of 751, indicating that

2024–25 Texas Academic Performance Report

(TAPR) Glossary

they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

Contracted Instructional Staff (District and Campus Profiles) refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. *(Data source: PEIMS ContractedInstructionalStaffFTEExt Entity and PayrollExt Entity)*

Contracted Instructional Staff: The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis. *(Data source: PEIMS ContractedInstructionalStaffFTEExt Entity)*

Teacher Incentive Allotment (TIA): The headcount of teachers who received incentive allotment per House Bill 3 and TEC Sec. 48.112 and average TIA payout by categories of Recognized, Exemplary and Master for the 2024-25 school year. *(Data source: Division of District Talent Systems)*

Teachers by Program (population served): The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Report of 2022-2023 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2024

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2022-2023 high school graduates who attended public four-year and two-year higher education in FY 2024. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2023, spring 2024, and summer 2024 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2024, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2024 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at <http://www.txhighereddata.org/Interactive/HSCollLink>. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

Please note: In May 2012 the 2006-2007, 2007-2008, and 2008-2009 versions of the *Report of High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education* were updated to reflect a minor correction in how the GPA data are distributed across ranges.

 "Not found" graduates have standard ID numbers that were not found in the specified year at Texas higher education institutions.
 "Not trackable" graduates have non-standard ID numbers that will not find a match at Texas higher education institutions.
 Includes high schools with more than 25 graduates. If enrollment in public higher education less than 5, the GPA data is omitted.

2023-2024 Accreditation Statuses

The Texas Education Agency awards an accreditation status to each public school district and charter school. The accreditation status is based on the academic accountability rating and financial ratings from the Financial Integrity Rating System of Texas. A district or charter must be accredited by the state to operate as a public school.

The district accreditation statuses for 2023-2024 are listed below:

Bullying Prohibited	The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.
Examples	Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.
Minimum Standards	In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.
Retaliation	The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.
Examples	Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.
False Claim	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.
Timely Reporting	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.
Reporting Procedures	To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Periodic Monitoring	The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.
Notice of Report	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
Prohibited Conduct	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
Investigation of Report	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
Concluding the Investigation	Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation. The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.
<i>Corrective Action</i>	Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
<i>Transfers</i>	The principal or designee shall refer to FDB for transfer provisions.
<i>Counseling</i>	The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
<i>Improper Conduct</i>	If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
Confidentiality	To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

STUDENT RIGHTS AND RESPONSIBILITIES
INVESTIGATIONS AND SEARCHES

FNF
(LEGAL)

**Searches of
Students**

Students shall be free from unreasonable searches and seizures by school officials. School officials may search a student's outer clothing, pockets, or property by establishing reasonable cause or securing the student's voluntary consent. Coercion, either expressed or implied, such as threatening to contact parents or police, invalidates apparent consent. *U.S. Const., Amend. 4.; New Jersey v. T.L.O., 469 U.S. 325 (1985); Jones v. Latexo Indep. Sch. Dist., 499 F.Supp. 223 (E.D. Tex. 1980)*

A search is reasonable if it meets both of the following criteria:

1. The action is justified at the inception; i.e., the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation.
2. The scope of the search is reasonably related to the circumstances that justified the search in the first place; i.e., the measures adopted are reasonably related to the objectives of the search and are not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

New Jersey v. T.L.O., 469 U.S. 325 (1985)

Intrusive Searches

A search of a student's underwear is impermissibly intrusive unless the school officials reasonably suspect either that the object of the search is dangerous or that it is likely to be hidden in the student's underwear. *Safford Unified Sch. Dist. No. 1 v. Redding, 557 U.S. 364 (2009), Littell v. Houston Indep. Sch. Dist., 894 F.3d 616 (5th Cir. 2018)*

**Random Drug
Testing**

Whether a particular search is reasonable is judged by balancing its intrusion on the individual's Fourth Amendment interests against its promotion of legitimate governmental interests. Thus, the reasonableness of a random student drug-testing policy is determined by balancing the following factors:

1. The nature of the privacy interest compromised by the drug-testing policy.
2. The character of the intrusion imposed by the drug-testing policy.
3. The nature and immediacy of the governmental interests involved and the efficacy of the drug-testing policy for meeting them.

A person is prohibited from obtaining, altering, or preventing authorized access to a wire or electronic communication while it is in electronic storage by:

1. Intentionally accessing without authorization a facility through which an electronic communication service is provided; or
2. Intentionally exceeding an authorization to access that facility.

Exceptions

This section does not apply with respect to conduct authorized:

1. By the person or entity providing a wire or electronic communications service;
2. By a user of that service with respect to a communication of or intended for that user; or
3. By sections 18 U.S.C. 2703, 2704, or 2518.

18 U.S.C. 2701(a), (c)

*Electronic
Communication*

“Electronic communication” means any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo-electronic or photo-optical system that affects interstate or foreign commerce. *18 U.S.C. 2510(12)*

*Electronic
Storage*

“Electronic storage” means:

1. Any temporary, intermediate storage of a wire or electronic communication incidental to the electronic transmission thereof; and
2. Any storage of such communication by an electronic communication service for purposes of backup protection of such communication.

18 U.S.C. 2510(17)

Messages that have been sent to a person, but not yet opened, are in temporary, intermediate storage and are considered to be in electronic storage. See Steve Jackson Games, Inc. v. U.S. Secret Service, 36 F.3d 457 (5th Cir. 1994). Electronic communications that are opened and stored separately from the provider are considered to be in post-transmission storage, not electronic storage. See Fraser v. Nationwide Mut. Ins. A peace officer may search a cellular telephone or other wireless communications device without a warrant if:

1. The owner or possessor of the telephone or device consents to the search;
2. The telephone or device is reported stolen by the owner or possessor; or
3. The officer reasonably believes that:
 - a. The telephone or device is in the possession of a fugitive from justice for whom an arrest warrant has been issued for committing a felony offense; or
 - b. There exists an immediate life-threatening situation, as defined by Code of Criminal Procedure 18A.201.

Use of Trained Dogs

Trained dogs' sniffing of cars and lockers does not constitute a search under the Fourth Amendment. The alert of a trained dog to a locker or car provides reasonable cause for a search of the locker or car if the dog is reasonably reliable in indicating that contraband is currently present. A district need not show that the dog is infallible or even that it is reliable enough to give probable cause.

Trained dogs' sniffing of students does constitute a search and requires individualized reasonable suspicion.

Authorities

For provisions pertaining to student questioning by law enforcement officials or other lawful authorities, see GRA(LOCAL).

**Lockers and
Vehicles**

Students have full responsibility for the security of their lockers and for vehicles parked on school property. It is the student's responsibility to ensure that lockers and vehicles are locked and that the keys and combinations are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by District policy in lockers or in vehicles parked on school property.

School officials may search lockers or vehicles parked on school property if there is reasonable cause to believe that they contain articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their lockers or in vehicles parked on school property.

If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student's parents. If the parents also refuse to permit a search of the vehicle, the District may turn the matter over to local law enforcement officials.

Use of Trained Dogs

The District shall use specially trained nonaggressive dogs to sniff out and alert officials to the current presence of concealed prohibited items, illicit substances defined in FNCF(LEGAL), and alcohol. This program is implemented in response to drug- and alcohol-related problems in District schools, with the objective of maintaining a safe school environment conducive to education.

Such visits to schools shall be unannounced. The dogs shall be used to sniff vacant classrooms, vacant common areas, the areas around student lockers, and the areas around vehicles parked on school property. The dogs shall not be used with students. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above.

Notice

At the beginning of the school year, the District shall inform students of the District's policy on searches, as outlined above, and shall specifically notify students that:

1. Lockers may be sniffed by trained dogs at any time.
2. Vehicles parked on school property may be sniffed by trained dogs at any time.

**Random Drug
Testing of Students**

The District's random drug-testing program is offered as a proactive deterrent to student substance abuse. The purpose of the program is threefold:

1. To provide for the health and safety of students.
2. To undermine the effects of peer pressure by providing a legitimate reason for students to refuse illegal use of drugs.
3. To encourage students who use drugs to participate in drug-treatment programs.

**Mandatory
Participation**

In order to participate in extracurricular activities and/or drive any motorized vehicles on campus, students in grades 7–12 shall be included in the District's random drug-testing program.

**Definition of
Extracurricular**

An extracurricular activity is an activity sponsored by the University Interscholastic League (UIL), the Board, or an organization sanctioned by resolution of the Board. The activity is not necessarily related to instruction of the essential knowledge and skills but may be indirectly related to some areas of the curriculum. Extracurricular activities include, but are not limited to, public performances, contests, demonstrations, displays, and club activities, with the exception of public performances specified in paragraph 2 below.

1. In addition, an activity shall be subject to this policy and considered to be extracurricular if any one of the following criteria apply:
 - a. The activity is competitive;
 - b. The activity is held in conjunction with another activity that is considered to be extracurricular;
 - c. The activity is held off campus, except in a case in which adequate facilities do not exist on campus;
 - d. The general public is invited;

Definition of Cocurricular	2. Students who must participate in cocurricular activities are not subject to the terms of this program. An activity is considered to be cocurricular if it is the result of being enrolled in a state-approved course that requires demonstration of the mastery of the essential knowledge and skills in a public performance, subject to the following requirements and limitations: a. Only the criterion listed in paragraph 1.d. above applies to the performance. b. The requirement for student participation in public is stated in the essential knowledge and skills of the course.
Definition of Student Driver	A student driver, for purposes of this policy, is any student who drives any motorized vehicle on a District campus.
Participation Agreement / Consent	A student participating in extracurricular activities shall provide the campus principal or principal's designee with a properly completed District random drug-testing program participation agreement and consent form before the student is eligible to practice or participate in any extracurricular program, including off-season training. If the student is under the age of 18, the student's parent(s) or legally ordered guardian(s) shall also sign the form. Prior to the first day a student drives a vehicle on a District campus, the student driver shall provide the campus principal or principal's designee with a properly completed District random drug-testing program participation agreement and consent form. If the student is under the age of 18, the student's parent(s) or legally ordered guardian(s) shall also sign the form. One form shall be required for the period of time that the student is in grades 7–12. Only one form shall be required for a student regardless of the number of school activities in which he or she participates.
Voluntary Participation	A student who does not participate in any extracurricular activity or is not a student driver may request to participate voluntarily in the random drug-testing program. Before voluntary participation is approved, the student must submit a properly completed District random drug-testing program participation agreement and consent form to the campus principal or principal's designee. **Drugs for Which
Students May Be
Tested**

Students may be tested for use of:

1. Drugs that an individual may not buy, possess, or use without a prescription, or sell or distribute under either federal or Texas law. Such drugs include, but are not limited to, marijuana, cocaine, opiates, amphetamines, methaqualone, benzodiazepines, phencyclidine, methadone, barbiturates, and propoxyphene.

3. All prescription and over-the-counter drugs upon reasonable suspicion that they are being used in an abusive manner.
4. Performance-enhancing drugs.

Testing Procedures

Random drug testing shall be conducted in the District by an independent laboratory that is certified by the Substance Abuse and Mental Health Services Administration and approved by the Board.

Each participating student shall be assigned a number, and numbers shall be randomly drawn from the pool of those agreeing to be tested. The selection of participants to be tested shall be done utilizing random number generating software. Selections shall be made from time to time throughout the school year and testing may occur on any academic day.

No student shall be given advance notice or early warning of the testing. In addition, a strict chain of custody of the specimens obtained shall be enforced to eliminate invalid tests or outside influences.

Urinalysis shall be employed, at the sole discretion of the District, to conduct random drug testing of students. Students shall complete, sign, and date any form that may be required for testing.

6. Address the notification of the parent or guardian of a student's violation of the Student Code of Conduct that results in suspension, removal to a DAEP, or expulsion.
7. Prohibit bullying, harassment, and making hit lists and ensure that district employees enforce those prohibitions. "Bullying" has the meaning provided by Education Code 37.0832. [See FFI] "Harassment" means threatening to cause harm or bodily injury to another student, engaging in sexually intimidating conduct, causing physical damage to the property of another student, subjecting another student to physical confinement or restraint, or maliciously taking any action that substantially harms another student's physical or emotional health or safety. "Hit list" means a list of people targeted to be harmed using a firearm, as defined by Penal Code 46.01(3) [see FNCG]; a knife, as defined by Penal Code 46.01(7) (any bladed hand instrument that is capable of inflicting serious bodily injury or death by cutting or stabbing a person with the instrument); or any other object to be used with intent to cause bodily harm.
8. Provide, as appropriate for students at each grade level, methods, including options, for:

The methods adopted must provide that a student who is enrolled in a special education program under Education Code Chapter 29, Subchapter A, may not be disciplined in a manner that results in a change in the student's educational placement for bullying, harassment, or making hit lists until an admission, review, and dismissal

A behavioral agreement must include in writing the specific reduction in the period of the student's disciplinary placement with which the student will be credited if the student and the student's parent comply with the terms of the behavioral agreement.

The commissioner of education shall adopt a model behavioral agreement for use by districts in developing a behavioral agreement.

Revisions

Revisions to the Student Code of Conduct approved by the Board during the year shall be made available promptly to students and parents, teachers, administrators, and others.

Extracurricular Standards of Behavior

With the approval of the principal and Superintendent, sponsors and coaches of extracurricular activities may develop and enforce standards of behavior that are higher than the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. (LEGAL)

	A teacher, campus behavior coordinator, or other appropriate administrator shall notify a parent of a student of the removal of a student from class described above. <i>Education Code 37.002(b-2)</i>
Placement of Student	If a teacher removes a student from class under the provisions above, the principal may place the student in another appropriate classroom, in-school suspension, or DAEP [see FOC]. <i>Education Code 37.002(c)</i>
Conference by Third Day Required	Not later than the third class day after the day on which a student is removed from class by the teacher under the above provision or by the school principal or other appropriate administrator under the Student Code of Conduct, the campus behavior coordinator or other appropriate administrator shall schedule a conference among the campus behavior coordinator or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the campus behavior coordinator, after consideration of the mitigating factors (see below), shall order the placement of the student for a period consistent with the Student Code of Conduct. <i>Education Code 37.009(a)</i>
Appeals	A student may appeal the student's removal from class described above to: 1. The school's placement review committee [see Placement Review Committee, below]; or 2. The campus's threat assessment and safe and supportive school team, in accordance with a district policy providing for such an appeal to be made to the team. <i>Education Code 37.002(f)</i> If district policy allows a student to appeal to the board or the board's designee, a decision of the campus behavior coordinator or other appropriate administrator, other than an expulsion under Section 37.007, the decision of the board or the board's designee is final and may not be appealed. <i>Education Code 37.009(a)</i>
Placement Length	The period of the placement may not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees. The student may

not be returned to the regular class pending the required conference. *Education Code 37.009(a)*

Mitigating Factors

The CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct. *Education Code 37.009(a)*

[See Student Code of Conduct, item 4, at FO(LEGAL) for mitigating factors.]

Prohibitions on Activities

The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities. *Education Code 37.002(c)*

Note: A power granted to a campus principal under Education Code Chapter 37, Subchapter A may be exercised by the CBC.

Return to Class

The principal may not return the student to the class of the teacher who removed the student without the teacher's written consent, unless the placement review committee determines that such placement is the best or only alternative available and, not later than the third class day after the day on which the student was removed from class, a conference in which the teacher has been provided an opportunity to participate has been held. [See Conference by Third Day Required, above]

Return to Class Plan

The principal may not return the student to that teacher's class unless the teacher provides written consent for the student's return or a return to class plan has been prepared for that student. The principal may only designate an employee of the school whose primary duties do not include classroom instruction to create a return to class plan. A return to class plan must be created before or at the conference described by that subsection. A plan created before the conference must be discussed at the conference.

The commissioner of education shall adopt a model return to class plan for use by a district in creating a return to class plan for a student.

Education Code 37.002(c), (c-1), (c-2)

Return After Assault

If the teacher removed the student from class because the student engaged in the elements of an offense listed in Education Code 37.007(a)(2)(A) or (a)(4) (assault, sexual assault, assault against a district employee or volunteer) against the teacher, the student

may not be returned to the teacher's class without the teacher's written consent. The teacher may not be coerced to consent.

Education Code 37.002(c), (d)

**Placement Review
Committee**

Each school shall establish a three-member committee to determine the placement of a student when a teacher refuses the return of a student to the teacher's class. The committee shall make recommendations to the district regarding readmission of expelled students.

Composition

Committee members shall be appointed as follows:

1. Campus faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member; and
2. The principal shall choose one member from the professional staff of a campus.

The teacher refusing to readmit the student may not serve on the committee.

Education Code 37.003

Right to Appeal

The principal, campus behavior coordinator, or other appropriate administrator shall notify a student who has been removed from class and the student's parent of the student's right to appeal the decision of the committee. [See Appeals, above] *Education Code 37.002(f-1)*

**Removal by School
Bus Driver**

The driver of a school bus transporting students to or from school or a school-sponsored or school-related activity may send a student to the principal's office to maintain effective discipline on the school bus.

The principal shall respond by employing appropriate discipline management techniques consistent with the Student Code of Conduct.

STUDENT DISCIPLINE
SUSPENSION

FOB
(LEGAL)

**Suspension
Authorized**

The principal or other appropriate administrator may suspend a student who engages in conduct identified in the Student Code of Conduct as conduct for which a student may be subject to an in-school or out-of-school suspension. *Education Code 37.005(a)*

**In-School
Suspension**

An in-school suspension under this section is not subject to any time limit. *Education Code 37.005(b)*

No Time Limit

Placement Review

The principal or other appropriate administrator shall review the in-school suspension of a student at least once every 10 school days after the date the suspension begins to evaluate the educational progress of the student and to determine if continued in-school suspension is appropriate. If the principal or other appropriate administrator determines that continued in-school suspension is appropriate, the principal or other appropriate administrator shall document the determination. *Education Code 37.005(b-1)*

Support Services

The district shall provide a student subject to an in-school suspension with appropriate behavioral support services and comparable educational services as the student would receive in the classroom.

If the student receives special education services, the student must continue to receive special education and related services specified in the student's individualized education program and have an opportunity to progress in the general curriculum. *Education Code 37.005(b-2)*

**Out-of-School
Suspension**

An out-of-school suspension may not exceed three school days. *Education Code 37.005(b)*

Maximum Length

[See FO for provisions regarding coursework to students in suspension.]

Students Below
Grade 3

A student who is enrolled in a grade level below grade 3 may not be placed in out-of-school suspension unless while on school property or while attending a school-sponsored or school-related activity on or off of school property, the student engages in:

1. Conduct that contains the elements of an offense related to weapons under Penal Code 46.02 or 46.05;
2. Conduct that threatens the immediate health and safety of other students in the classroom;

Students Who Are
Homeless

A district may not place a student who is homeless in out-of-school suspension unless the student engages in conduct described at items 1–4, above, while on school property or while attending a school-sponsored or school-related activity on or off of school property. The campus behavior coordinator may coordinate with the district's homeless education liaison to identify appropriate alternatives to out-of-school suspension for a student who is homeless. In Education Code 37.005(d), "student who is homeless" has the meaning assigned to the term "homeless children and youths" under 42 U.S.C. Section 11434a. *Education Code 37.005(d)*

Alternative
Placement Request

On receiving a written request from the student's parent, the principal or other appropriate administrator may at the principal's or other appropriate administrator's sole discretion reassign a student placed in out-of-school suspension to an in-school suspension if the student's parent demonstrates through supporting information and documentation that the parent is unable to provide suitable supervision for the student during school hours during the period of the suspension.

The alternative placement provided by this provision may be used only in extenuating circumstances and may not be used as a routine replacement for out-of-school suspension.

The district shall maintain documentation of each reassignment under this subsection, including the parent's request, the reason for the parent's unavailability, and the supporting information and documentation.

Education Code 37.005(c-2)

**Positive Behavior
Program**

A district may develop and implement a program, in consultation with campus behavior coordinators employed by the district [see FO] and representatives of a regional education service center, that provides a disciplinary alternative for a student enrolled in a grade level below grade 3 who engages in conduct described by Education Code 37.005(a) [at Suspension Authorized, above] and

is not subject to 37.005(c) [at Students below Grade 3, above]. The program must:

1. Be age-appropriate and research-based;
2. Provide models for positive behavior;
3. Promote a positive school environment;
4. Provide alternative disciplinary courses of action that do not rely on the use of in-school suspension, out-of-school suspension, or placement in a disciplinary alternative education program to manage student behavior; and
5. Provide behavior management strategies including:
 - a. Positive behavioral intervention and support;
 - b. Trauma-informed practices;
 - c. Social and emotional learning;
 - d. A referral for services, as necessary; and
 - e. Restorative practices.

A district may annually conduct training for district staff on the program adopted.

E-Cigarette Possession or Use	A student may be removed from class and placed in a disciplinary alternative education program if the student possesses or uses an e-cigarette, as defined by Health and Safety Code 161.081. If a student who possesses or uses an e-cigarette is not placed in a disciplinary alternative education program for the first-time offense, the student shall be placed in in-school suspension for a period of at least 10 school days. [For requirements related to in-school suspension, see FOB.] <i>Education Code 37.006(d)</i>
One Year After Conduct	A principal or other appropriate administrator may, but is not required to, remove a student to a DAEP for off-campus conduct, for which removal would otherwise be required, if the principal or other appropriate administrator did not have knowledge of the conduct before the first anniversary of the date the conduct occurred. <i>Education Code 37.006(n)</i>
Certain Organization and Gang Membership and Solicitation	A board or an educator shall recommend placing in DAEP any student who commits the misdemeanor offenses described in Education Code 37.121(a) and (c), regarding membership in or solicitation to join a public school fraternity, sorority, secret society, or gang [see FNCC]. <i>Education Code 37.121(b)</i>

Process for Removal	Not later than the third class day after a student is removed by a teacher or by the school principal or other appropriate administrator, the campus behavior coordinator (CBC) or other appropriate administrator shall schedule a conference among the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.
Conference	
Mitigating Factors	Before ordering removal, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.
Order	Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.
Appeal	If district policy allows a student to appeal to the board or the board's designee a decision of the CBC or other appropriate administrator, the decision of the board or the board's designee is final and may not be appealed. <i>Education Code 37.009(a)</i> [See Student Code of Conduct]
Right to Request a Special Education Evaluation	On the placement of a student in a DAEP, the district shall provide information to the student's parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student under Education Code 29.004 [see EHBAA]. <i>Education Code 37.006(p)</i>
Term of Removal	The period of the placement after removal may not exceed one year unless, after a review, a district determines that the student is a threat to the safety of other students or to district employees. <i>Education Code 37.009(a)</i> A board or designee shall set a term for a student's placement in a DAEP. If the period of placement is inconsistent with the guidelines in the Student Code of Conduct, the order must give notice of the inconsistency. The period of placement in a DAEP may not exceed

	one year unless, after a review, a district determines that the student is a threat to the safety of other students or to district employees or extended placement is in the best interest of the student. <i>Education Code 37.009(d)</i>
Beyond Grading Period or 60 Days	If placement in a DAEP is to extend beyond 60 days or the end of the next grading period, whichever is earlier, the student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before a board or designee.
<i>No Appeal</i>	Any decision of a board or designee concerning placement beyond 60 days or the end of the next grading period is final and cannot be appealed. <i>Education Code 37.009(b)</i>
Beyond End of School Year	Before a student may be placed in a DAEP for a period that extends beyond the end of the school year, a board or designee must determine that: 1. The student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or another individual; or 2. The student has engaged in serious or persistent misbehavior that violates the Student Code of Conduct. <i>Education Code 37.009(c)</i>
Order of Removal	A board or designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a DAEP. <i>Education Code 37.009(g)</i> Not later than the second business day after the date of the removal conference, a board or designee shall deliver a copy of the order placing the student in a DAEP and any information required under Family Code 52.04 to the authorized officer of the juvenile court in the county in which the juvenile resides. <i>Education Code 37.010(a)</i>
<i>Activities</i>	The terms of a placement under Education Code 37.006 must prohibit the student from attending or participating in school-sponsored or school-related activities. <i>Education Code 37.006(g)</i> In addition to any notice required under Code of Criminal Procedure 15.27 [see GRAA], a principal or designee shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in conduct for which DAEP placement must or may be ordered.

DAEP at Capacity

If a DAEP is at capacity at the time a CBC is deciding placement for a student who engaged in conduct described under Education Code 37.006(a)(2)(C-1) (possession or use of marijuana), (C-2) (possession, use, delivery of an e-cigarette), (D) (delivery of alcohol), or (E) (abuse of volatile chemical), the student shall be placed in in-school suspension; and if a position becomes available in the program before the expiration of the period of the placement, transferred to the program for the remainder of the period.

Placement of
Student Who
Engaged in Violent
Conduct

If a DAEP is at capacity at the time a CBC is deciding placement for a student who engaged in conduct described under Education Code 37.007 that constitutes violent conduct [see below at Determination of Violent Conduct], a student who has been placed in the program for conduct described under Education Code 37.006(a)(2)(C-1), (C-2), (D), or (E) (above) may be removed from the program and placed in in-school suspension to make a position in the program available for the student who engaged in violent conduct. If removed from the program and a position in the program becomes available before the expiration of the period of the placement, the student shall be returned to the program for the remainder of the period.

Determination of
Violent Conduct

Violent conduct means an act by a student against another person that is intended to result in physical harm, bodily injury, or assault or a threat that reasonably places the other person in fear of imminent physical harm, bodily injury, or assault. A CBC may determine whether a specific instance of conduct listed below rises to the level of violent conduct for purposes of determining placement in a DAEP.

1. The student engages in conduct involving a public school that contains the elements of the offense of false alarm or report under Penal Code 42.06, or terroristic threat under Penal Code 22.07.
2. While on or within 300 feet of school property, or while attending a school-sponsored or school-related activity on or off school property, the student engages in conduct that contains the elements of the offense of assault under Penal Code 22.01(a)(1), including when committed as an act of retaliation

**Completion of
Proceedings Upon
Withdrawal**

If a student withdraws from a district before an order for placement in a DAEP is entered, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student re-enrolls in the district the same or subsequent school year, the district may enforce the order at that time except for any period of the placement that has been served by the student in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. *Education Code 37.009(i)*

**Enrollment in
Another District**

If a student placed in a DAEP enrolls in another district before the expiration of the placement, a board shall provide to the district in which the student enrolls a copy of the placement order at the same time it provides other records. The district in which the student enrolls shall inform each educator who will have responsibility for, or will be under the direction and supervision of an educator who will have responsibility for, the instruction of the student of the contents of the placement order. Each educator shall keep the information confidential from any person not entitled to the information, except that the educator may share the information with the student's parent or guardian as provided by state or federal law.

STUDENT DISCIPLINE
PLACEMENT IN A DISCIPLINARY ALTERNATIVE EDUCATION SETTING

FOC
(LEGAL)

The district in which the student enrolls may continue the placement or allow the student to attend regular classes without completing the period of placement. [See FO] The district in which the student enrolls may take any of these actions if:

1. The student was placed in a DAEP by an open-enrollment charter school and the charter school provides the district a copy of the placement order; or
2. The student was placed in a DAEP by a district in another state and:
 - a. The out-of-state district provides a copy of the placement order; and
 - b. The grounds for placement are the same as grounds for placement in the enrolling district.

Education Code 37.008(j)

**Out-of-State
Placement**

If a student was placed in a DAEP in another state for more than one year and the enrolling district continues the placement under Education Code 37.008(j), the enrolling district shall reduce the period of placement so that the aggregate period does not exceed one year unless the enrolling district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended placement is in the best interest of the student.

Education Code 37.008(j-1)

**Court-Ordered
Placement**

Unless a board and the juvenile board for the county in which a district's central administrative office is located have entered into a memorandum of understanding concerning the juvenile probation department's role in supervising and providing other support services for students in DAEP programs:

1. A court may not order a student expelled under Section 37.007 to attend a school district DAEP as a condition of probation;
2. A court may not order a student to attend a DAEP without a district's consent, until the student has successfully completed any sentencing requirements, if the court has ordered the student to attend a DAEP as a condition of probation once during a school year and the student is referred to juvenile court again during that school year.

Placement After Court Disposition	After the student has successfully completed any court disposition requirements, including conditions of deferred prosecution or conditions required by the prosecutor or probation department, a district may not refuse to admit the student if the student meets the requirements for admission into the public schools. A district may place the student in the DAEP. Notwithstanding Education Code 37.002(d) [see FOA], the student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent. <i>Education Code 37.010(f)</i>
Not Guilty/ Insufficient Evidence/Charges Dropped	The office of the prosecuting attorney or the office or official designated by the juvenile board shall, within two working days, notify the school district that removed a student to a DAEP under Education Code 37.006 if: 1. Prosecution of a student was refused for lack of prosecutorial merit or insufficient evidence, and no formal proceedings, deferred adjudication, or deferred prosecution will be initiated; or 2. A court or jury found the student not guilty or made a finding the child did not engage in delinquent conduct or conduct indicating a need for supervision and the case was dismissed with prejudice. On receipt of the notice, the superintendent or designee shall review the student's placement in the DAEP. The student may not be returned to the regular classroom pending the review. The superintendent or designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the superintendent or designee receives notice from the office or official designated by the court. After reviewing the notice and receiving information from the student's parent or guardian, the superintendent or designee may continue the student's placement in the DAEP if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers. <i>Education Code 37.006(h); Code of Criminal Procedure 15.27(g)</i>

The board shall make a record of the proceedings.

If a board confirms the decision, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner of education. The student may not be returned to the regular classroom pending the appeal to the commissioner.

**120-Day Review of
Status**

A student placed in a DAEP shall be provided a review of the student's status, including a review of the student's academic status, by a board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress toward meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required to provide a course in the DAEP, except as required by Education Code 37.008(l). [See FOCA] At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent.

**Consideration of
Virtual Education as
Alternative to
Expulsion**

Before a school district may expel a student, the district must consider the appropriateness and feasibility of, as an alternative to expulsion, enrolling the student in a full-time hybrid program, full-time virtual program, full-time hybrid campus, or full-time virtual campus. [See EHDE for definitions.] This requirement does not apply to a student expelled under Education Code 37.0081 or 37.007(a), (d), or (e). *Education Code 37.0071*

**Pre-placement
Proceedings**

Conference

Not later than the third class day after a student is removed by a teacher or by the school principal or other appropriate administrator, the campus behavior coordinator (CBC) or other appropriate administrator shall schedule a conference among the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.

Mitigating Factors
Before Ordering
Removal

Before ordering removal, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially im-

pairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.

Order the
Placement

Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.

Education Code 37.009(a) [See Student Code of Conduct]

**Expulsion
Proceedings**

Due Process

Before a student may be expelled, a board or its designee shall provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. *Education Code 37.009(f)*

The minimum procedural requirements necessary to satisfy due process depend upon the circumstances and the interests of the parties involved. Federal due process requires notice and some opportunity for hearing.

Notice

The notice should contain a statement of the specific charges and grounds that, if proven, would justify expulsion. In some cases, the student should be given the names of the witnesses against him or her and an oral or written report on the facts to which each witness testifies.

Hearing

The rights of the student may properly be determined upon the hearsay evidence of school administrators who investigate disciplinary infractions.

Representative

At the hearing, the student is entitled to be represented by the student's parent, guardian, or another adult who can provide guidance to the student and who is not an employee of the district. If a district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

Mitigating Factors Before Ordering Expulsion	Before ordering the expulsion of a student, the board or the board's designee must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. [See Student Code of Conduct, item 4, at FO(LEGAL) for additional mitigating factors.]
Appeal	If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the district's central administrative office is located. <i>Education Code 37.009(f)</i>
Term of Expulsion	If the period of expulsion is inconsistent with the guidelines on length of expulsion in the Student Code of Conduct, the order must give notice of the inconsistency.
Beyond One Year	The period of expulsion may not exceed one year unless a district determines that: 1. The student is a threat to the safety of other students or to district employees; or 2. Extended placement is in the best interest of the student. <i>Education Code 37.009(h)</i>
Notice of Expulsion Order	A board or its designee shall deliver a copy of the order expelling the student to the student and the student's parent or guardian. After such notification, the parent or guardian shall provide adequate supervision for the student during the period of expulsion. <i>Education Code 37.009(g)-(h)</i>

To Court	Not later than the second business day after the date an expulsion hearing is held, a board or its designee shall deliver a copy of the expulsion order and any information required under Family Code 52.04 to the authorized officer of the juvenile court in the county in which the student resides. Family Code 52.04 requires the following information from a referring entity that is not a law enforcement agency or has not taken the child into custody: 1. To Juvenile Board

In a county that operates a JJAEP [see FODA], no student shall be expelled without written notification by a board or its designee to the juvenile board's designated representative. The notification shall be made not later than two business days following a board's determination that the student is to be expelled. Failure to timely notify the designated representative shall result in the child's duty to continue attending a district's educational program, which shall be provided to that child until such time as the notification to the designated representative is properly made. *Family Code 52.041*

To Staff

In addition to providing any notice required under Code of Criminal Procedure 15.27 [see GRA], a district shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in expellable conduct.

Each educator shall keep the information confidential from any person not entitled to the information, except that the educator may share the information with the student's parent or guardian as provided by state or federal law. An educator's certificate may be suspended or revoked for intentional failure to keep such information confidential.

Education Code 37.007(g)

**Completion of
Proceeding Upon
Withdrawal**

If a student withdraws from a district before an order for expulsion is entered, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the expulsion that has been served by the student in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. *Education Code 37.009(i)*

**Additional
Proceedings**

If, during the term of expulsion, a student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted and the principal or board, as appropriate, may enter an additional order. *Education Code 37.009(j)*

Appeals

A decision by a board's designee to expel a student may be appealed to the board. If the hearing is not before the board directly, the results and findings of the hearing should be presented in a report open to the student's inspection. *Education Code 37.009(f); Dixon v. Alabama State Bd. of Educ., 294 F.2d 150 (5th Cir. 1961), cert. denied, 368 U.S. 930 (1961)*

**Restrictions on
Court Orders**

A court may not order an expelled student to attend a regular classroom, a regular campus, or a district DAEP as a condition of probation.

Exception

A court may order a student to attend a regular classroom, a regular campus, or a district DAEP if the district has entered into a memorandum of understanding (MOU) with the juvenile board for the county in which the district's central administrative office is located, concerning the juvenile probation department's role in supervising and providing other support services for students in DAEPs.

**District
Responsibility for
Expelled Student**

Students Not
Eligible for Existing
JJAEP

In a county that operates a JJAEP, a district is responsible for providing an immediate educational program to a student who engages in behavior for which expulsion is permitted but not required under Education Code 37.007, but who is not eligible for admission into the JJAEP in accordance with an MOU. [See FODA]

*Contracting for
Services*

A district may provide the program, or the district may contract with a county juvenile board, a private provider, or one or more other school districts to provide the program.

Education Code 37.011(l)

Certain Districts

This provision applies to a district located in a county considered to be a county with a population of 125,000 or less because it has a population of more than 200,000 and less than 233,500; has five or more school districts located wholly within the county's boundaries; and has located in the county a JJAEP that, on May 1, 2011, served fewer than 15 students. A qualifying district shall provide educational services to a student who is expelled from school. The district is entitled to count the student in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. An educational placement under this section may include:

1. The district's DAEP.
2. A contracted placement with another school district, an open-enrollment charter school, an institution of higher education,

an adult literacy council, or a community organization that can provide an educational program that allows the student to complete the credits required for high school graduation.

An educational placement other than a district's DAEP is subject to the educational and certification requirements applicable to an open-enrollment charter school under Education Code Chapter 12, Subchapter D.

Education Code 37.011(a-3)-(a-5)

Return to Class

Early / Permissive

On the recommendation of the placement review committee, or on its own initiative, a district may readmit an expelled student while the student is completing any court disposition requirements.

Required

After an expelled student has successfully completed any court disposition requirements, including conditions of a deferred prosecution, or conditions required by the prosecutor or probation department, a district may not refuse to admit the student if the student meets the requirements for admission. [See FD] A district may place the student in a DAEP.

The student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

Education Code 37.010(f)

**Expelled from
Another District**

If a student has been expelled from another school district, the expelling district shall provide to a district in which the student enrolls a copy of the expulsion order and the referral to the authorized officer of the juvenile court. A district in which the student enrolls may continue the expulsion under the terms of the order, may place the student in a DAEP for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion.

Out-of-State
Expulsion

A district may take any of the above actions if the student was expelled by a district in another state if:

1. The out-of-state district provides a copy of the expulsion order; and
2. The grounds for the expulsion are also grounds for expulsion in the district in which the student is enrolling.

Education Code 37.010(g)

If the student was expelled for more than one year and the enrolling district continues the expulsion or places the student in a

DAEP, the aggregate period of expulsion or placement may not exceed one year unless the district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended placement is in the best interest of the student.

Education Code 37.010(g-1)

Note: See FOF for provisions concerning expulsion of students with disabilities.

**Virtual Expulsion
Program**

The principal or other appropriate administrator may place a student who has been expelled under Education Code 37.007 or 37.0081 in a virtual expulsion program established by the district and provide virtual instruction and instructional materials for remote learning to the student only if:

1. The district is located in a county that operates a JJAEP or the school district contracts with the juvenile board of another county for the provision of a JJAEP, and the JJAEP rejects admission of the student or returns the student before the expiration of the discipline assignment; or
2. The district is not located in a county that operates a JJAEP and does not contract with the juvenile board of another county for the provision of a JJAEP.

A school district must ensure that, to the extent practicable in a virtual setting, the district's virtual expulsion program complies with the requirements for a disciplinary alternative education program under Education Code 37.008. [See FOC]

**Equipment and
Internet**

If the principal or other appropriate administrator places a student in a virtual expulsion program under this section, the school district shall ensure that the student has suitable computer equipment and internet access and provide the computer equipment and internet access if necessary.

**Review of
Placement**

The principal or other appropriate administrator shall review the placement of a student in a virtual expulsion program at least once every 45 school days after the date the placement begins to determine if continued placement in the program is appropriate. The review must consider whether a position for the grade level in which the student is enrolled has become available in an in-person setting in a JJAEP. If the principal or other appropriate administrator determines that such a position has become available, the district shall plan for the student's transition to an in-person setting as

The commissioner of education shall adopt rules providing for a method of taking attendance for students placed in a virtual expulsion program.

Teachers

A district may not require a teacher who provides virtual instruction to students in a virtual expulsion program to provide virtual instruction and in-class instruction for a course during the same class period. A teacher may not provide instruction for a virtual expulsion program course unless the teacher has completed a professional development course on virtual instruction.

The commissioner of education shall adopt rules requiring districts to provide basic professional development training for teachers providing instruction in a virtual expulsion program.

The school district intervention programs described on the following pages are specifically designed to address issues associated with school violence.

Alternative Education Program—The Discipline Management System provides a method of removing students for minor drug infractions to an alternative instructional setting. Additional counseling services are provided within this structured environment.

Canine Narcotic Detection Services - Secondary campuses/grounds are subject to random unannounced searches by trained dogs and handlers in order to deter anyone from bringing alcohol, tobacco or other drugs onto school grounds. Bomb sniffing dogs are available upon request.

Capturing Kids Hearts (CKH) - A Positive Behavioral Intervention Support (PBIS). CKH equips professionals in education to implement transformational processes focused on social-emotional wellbeing, relationship-driven campus culture, and student connectedness. CKH helps schools create safe welcoming environments where students are relationally connected and eager to learn.

Communities in Schools - An American non-profit organization that works within public and charter schools to help at-risk students to stay in school and perform well. The mission of Communities in Schools of Southeast Texas is to surround students with a community of support empowering them to stay in school and achieve in life. For more than 25 years, Communities in Schools has helped students choose success by ensuring their access to the “Five Basics”: (1) A one-on-one relationship with a caring adult; (2) A safe place to learn and grow; (3) A healthy start and a healthy future; (4) A marketable skill to use upon graduation; (5) A change to give back to peers and community.

Counseling Program - School counselors are available on every campus. Counselors provide academic, career, college, and social-emotional support to all students through the school counseling program. In addition, Special Education Counselors are available to students identified with a disability who qualify for counseling related services.

Erin’s Law Program –

- Provide child abuse ant-victimization programs in elementary and secondary schools
- Provide staff training on prevention techniques and recognition of sexual abuse and other forms of child maltreatment
- Adopt a policy addressing sexual abuse and other maltreatment of children

Extra-Curricular Programs – Multiple programs designed to meet a variety of interests and provide for the wholesome development of many skills are available at all levels.

Flashing Lights - SB 30, also known as The Community Safety Education Act, was passed by the 85th Texas Legislature, Regular Session, 2017. The legislation added Section 28.012, regarding the instruction on interaction with law enforcement, to the Texas Education Code (TEC).

Individual School/District Security Plan – A crisis Management Plan that addresses multiple contingencies and probable effective responses is graphically displayed and has been reviewed with personnel. Additional security personnel are employed for school events.

In-service Training – Special training programs for school staff are provided on drug and violence prevention.

Random Drug Testing of Students –A random drug testing program offered as a proactive deterrent to student substance abuse.

Red Ribbon Week – All schools participate in drug prevention activities such as decorating campuses with anti-drug messages, parades, contests, rallies, thematic celebrations, additional classroom instruction, skits and community involvement activities during Red Ribbon Week.

Reporting System - An anonymous on-line reporting system for students or parents to report bullying, abuse, or suicide on or off campus.

Restorative Discipline Practices and Interventions – Schools are implementing these strategies to build community and for responding to challenging behavior through open disclosure, coming to an understanding, and opportunities to set things right.

Safety Drills - A variety of Safety Drills are conducted on every campus twice monthly to enhance school-preparedness (e.g., intruder alerts, weather, fire, lockdown, evacuation).

School/Community Summer Programs – A collaborative program between the district and City of Nederland provides supervised summer recreational activities designed to constructively channel free time.

School Resource Officers – Nederland I.S.D. employs a full time S.R.O. through a collaborative grant with the Nederland Police Department. This officer is based on the high school and middle school campuses, but makes visits to other campuses.

Security Measures and Personnel – Additional security is provided at school functions according to type and size. Security Vestibules which utilize badge access have been installed on all campuses to reduce unauthorized access. The RAPTOR system is a visitor management system being utilized on all campuses to screen visitors against a state-wide database. Surveillance cameras have been installed on all campuses to enhance security measures

Special Assembly Programs - Presentations that address self-esteem, multi-cultural acceptance, drug prevention refusal skills, gang resistance, and conflict resolution are provided for all students on an age appropriate basis.

Student Assistance Programs – These programs provide intervention for a broad range of personal problems that may interfere with the learning or social development of students.

Student Instruction – Direct classroom instruction that utilizes the TEA program D.A.V.E. (Drug and Violence Education) and a variety of commercially prepared programs related to violence and drug prevention are an integral part of the SDFS/C Plan.

Supplementary Counseling – Most students placed at the Alternative Education Campus are at-risk and in need of additional individual counseling. Consequently, out-of-district counselors are contracted through a supervisory program to provide this service.

Texas School Survey of Drug and Alcohol Use – This survey provides data on use and non-use of alcohol and drugs among Nederland students. Information is used to modify or implement new programs for drug prevention.

Threat Assessment & Safe and Supportive Team(s): Per 37.115. A group of school officials that convene to identify, evaluate, and address threats or potential threats to school security. Threat assessment teams review incidents of threatening behavior by a student.

T.N.T. – positive role models, known as Terrific Nederland Teens, from the 11th and 12th grades are carefully selected and trained to go into the elementary and middle school classes and educate younger students about the positive results of remaining drug free.

Truancy Abatement Program – Realizing that truant students are more likely to be involved in violence and criminal acts, the Nederland-Port Neches Optimist Club and Safe Drug Free Schools collaborated to produce posters aimed at educating the public and parents on school attendance laws. These highly visible signs are posted in the community.

Youth Leadership classes provide students with self-esteem and the skills to learn how to lead, thereby reducing their vulnerability to drug use.
