*Good  
to  
Great!*

## DR. STEVEN BEAGLE NAMED LONE FINALIST FOR SUPERINTENDENT OF SCHOOLS

Nederland Independent School District has named Dr. Steven Beagle as the Lone Finalist for the position of Superintendent of Schools.

Dr. Stuart Kieschnick, current Superintendent of Nederland ISD, expressed his confidence in the Board's selection, stating, "I am very excited about this choice. Dr. Beagle is well prepared and an excellent candidate."

Dr. Kieschnick added, "Nederland ISD has a great Board, a great incoming Superintendent, great faculty and staff, and the District will go from great to excellent."

Dr. Beagle has served 39 years with Nederland ISD and currently holds the position of Assistant Superintendent for Curriculum. Throughout his career, he has demonstrated outstanding leadership, dedication, and a deep commitment to the students, staff, and community of Nederland ISD.

The Board of Trustees will take official action to hire Dr. Beagle as Superintendent following the required 21-day waiting period.

## TEA ACCOUNTABILITY SCORE - 88

Nederland ISD is very proud of our TEA accountability score of 88! This goes to show the hard work of our students, faculty, and staff. Way to go, Bulldogs! Simply the Best, going Good to Great Every Day!

## NERELAND ISD RECEIVES GENEROUS DONATION OF TI-NSPIRE CALCULATORS

Nederland ISD hosted a check presentation celebration at C.O. Wilson Middle School to recognize a generous donation of TI-Nspire graphing calculators that will directly enhance student learning across the district.

This donation, made possible through the support of OCI, Methanex, and Phillips 66, provides advanced graphing calculators that serve as essential tools in mathematics education—especially for students enrolled in advanced math courses. These state-of-the-art devices will empower students to visualize complex mathematical concepts and strengthen their preparation for future academic success.

## NERELAND KNIGHTS OF COLUMBUS DONATES WHEELCHAIRS TO NISD SCHOOLS

Thank you to the Nederland Knights of Columbus #5145 Fr. William Brooks Council for their generous donation of new wheelchairs to each of our schools!

We are deeply grateful for their ongoing support and commitment to serving our students, staff, and community. Their generosity continues to make a meaningful difference across our district.

## NERELAND ISD CELEBRATES NATIONAL RECOGNITION FOR PHYSICS TEACHER WENDY LAPEYROLERIE

Nederland ISD was proud to honor Wendy Lapeyrolerie, physics teacher at Nederland High School, for her exceptional national achievement.

Staff and students gathered in Mrs. Lapeyrolerie's classroom to celebrate her selection as a national runner-up in the prestigious "Meet a National Geographic Explorer" essay contest, one of only five educators recognized across the country.

This honor has also earned Mrs. Lapeyrolerie's class the unique opportunity to participate in a virtual presentation and live Q&A with National Geographic Explorer Malaika Vaz on November 3, 2025.

Nederland ISD applauds Mrs. Lapeyrolerie's dedication to inspiring students and providing extraordinary learning experiences that extend beyond the classroom.

## CONGRATULATIONS TO HIGHLAND PARK ELEMENTARY'S SHANA GREEN!

We are thrilled to announce that Shana Green has been honored as the Region 5 Education Service Center's Elementary Teacher of the Year!

Today, she proudly accepted this well-deserved award in recognition of her dedication, passion, and unwavering commitment to her students and Nederland ISD.

We are incredibly proud to have such an outstanding educator in our district!

## MATH COMES ALIVE WITH INTEGERS AT CENTRAL MIDDLE SCHOOL!

Students at Central Middle School are fully engaged and hands-on as they explore positive and negative numbers using counters. This interactive approach transforms abstract concepts into concrete learning experiences, helping students build a deeper understanding of integers and their real-world applications.

## NHS PRE-AP GEOMETRY: COLLABORATION AND CRITICAL THINKING IN ACTION!

Pre-AP Geometry students recently tackled their College Board Checkpoint with enthusiasm, teamwork, and impressive problem-solving skills.

They are not only advancing their critical thinking but also engaging in kinesthetic learning by using movement to explore the angles formed by parallel lines and a transversal.

This hands-on approach brings math concepts to life through discussion, movement, and discovery—truly learning in action!

## BULLDOG PRIDE SHINES AT REGIONAL CROSS COUNTRY QUALIFIER!

The Nederland High School girls' cross country team competed with determination at the Regional Qualifier in Huntsville, proudly representing Bulldog Nation.

Special congratulations to Ella Mecom, who placed 9th overall with an impressive time of 19:09.10 — setting a personal best and breaking the Nederland school record!

Ella went on to compete at the State Meet in Round Rock, showcasing Bulldog spirit on the big stage.
