A Message from the Superintendent

The Nederland Independent School District has a long-standing tradition of excellence in a number of areas. We have worked diligently over the last 30+ years to create a healthy fund balance in order to support our operations through whatever economic conditions may be. Due to the current conditions, this budget was particularly difficult in a number of ways. Our administrative team has worked diligently to prepare a budget that we feel best serves the students of our community.

We have provided for you a few important details to note for the 2021-2022 budget being presented.

The District's property values were certified July 26, 2021. Net taxable Maintenance & Operations (M&O) property values increased overall approximately 10.45%. Property values increased in Category A/B Residential \$199 million, Category F Commercial \$166.5 million, and decreased in Category L Tangible Personal \$83.9 million. Under the proposed budget the M&O tax rate will decrease from \$.9152/\$100 value to \$.8720/\$100 value. Based on increased property values with the proposed tax rate, tax collections increased approximately \$1,285,000.

In addition, the District's Chapter 313 agreement with Sunoco Logistics Partners L.P. generated a supplemental payment of \$599,242 and the District's Chapter 313 agreement with Orbit Gulf Coast NGL Exports, LLC generated a supplemental payment of \$510,910. The District is currently in year eight of the agreement with Sunoco, and in year four in the agreement with Orbit Gulf Coast NGL Exports, LLC.

The Budget Proposal continues with the District's fiscally conservative practices while at the same time providing the following:

- Six (6) Instructional Math Interventionists for student support and remediation
- General salary increase for employees

This proposal presents a deficit M&O budget for 2021-2022 for the Board of Trustees' consideration. The Interest and Sinking (I&S) proposed tax rate will decrease from \$0.36/\$100 to \$.30/\$100 value to meet the Debt Service payments in 2021-2022.

The District operates a self-supporting child nutrition program within the guidelines of the United States Department of Agriculture (USDA), Texas Department of Agriculture (TDA), and the Texas Education Agency (TEA). The annual budget supports updates and renovation to the District's child nutrition facilities.

2. Voluntary Dental, Vision, and Life Insurance

There are no changes to either the Superior Vision program or the Hartford Life Insurance program. Cigna Dental- Cigna developed a proposal to increase the High Plan calendar year maximum from \$1,000 to \$1,500. The premium will increase from \$36.94 to \$41.14 with a two year rate guarantee.

3. Teacher Retirement System

The TRS retirement contribution rate for employees will remain at 8.0%. The District rate will increase this year from 1.6% to 1.7%. The state contribution rate will remain at 7.75%.

These changes are due to SB 12 (86th Texas Legislative Session) the TRS Pension Reform Bill. It provided for gradual contribution increases for the state public education employees and active employees.

4. Counselor Duty Days

It is recommended that the duty days for District counselors at Elementary, Middle and High School be extended by two additional days. This increase in days will allow them to prepare and implement guidance and counseling best practices. These include:

- Preparing for the social-emotional needs of students and staff;
- Assist in the development of campus master schedule;
- Review campus and individual data to ensure student programs meet the needs of all students

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll or certified estimate of value and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submit the rates to the governing body by August 7 or as soon thereafter as practicable.

This worksheet is for **school districts with Chapter 313 agreements only**. School districts that do not have a Chapter 313 agreement should use Comptroller Form 50-859 *Tax Rate Calculation Worksheet*, *School District without Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) should use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

All other taxing units should use Comptroller Form 50-856 Tax Rate Calculation, Taxing Units Other Than School Districts.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The Texas Education Agency (TEA) provides detailed information on and guidance to school districts in calculating their tax rates. Please review and rely on information provided by TEA when completing this worksheet. Additionally, the information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The no-new-revenue (NNR) tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of revenue if applied to the same properties that are taxed in both years (no new taxes). When appraisal values increase, the NNR tax rate should decrease.

Chapter 313 agreements allow a school district to limit the value of certain qualified property subject to the agreement for the purposes of maintenance and operations (M&O) taxation. The value of the same property is not limited for the purposes of debt service, or interest and sinking (I&S) taxation. School districts that have entered into a Chapter 313 agreement must calculate the NNR tax rate for M&O and I&S purposes separately and then add together to determine the current year total NNR tax rate.

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. Most school districts calculate a voter-approval tax rate that is split into three separate rates.

- 1. **Maximum Compressed Tax Rate (MCR):** A district's maximum compressed tax rate is defined as the tax rate for the current tax year per \$100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment.
- 2. **Enrichment Tax Rate (DTR):** A district's enrichment tax rate is defined as any tax effort in excess of the district's MCR and less than \$0.17. The enrichment tax rate is divided into 'golden pennies' and the 'copper pennies'. School districts can claim up to 8 'golden pennies', not subject to compression, and 9 'copper pennies' which are subject to compression with any increases in the guaranteed yield.
- 3. **Debt Rate:** The debt rate includes the debt service necessary to pay the school district's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The MCR and DTR added together make up the school district's maintenance and operations (M&O) tax rate. Districts cannot increase the district's M&O tax rate to create a surplus in M&O tax revenue for the purpose of paying the district's debt service.

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate (disaster pennies) in the calculation this year. This adjustment will be made in Section 4 of this worksheet.

A district must complete an efficiency audit before seeking voter approval to adopt a M&O tax rate higher than the calculated M&O tax rate, hold an open meeting to discuss the results of the audit, and post the results of the audit on the district's website 30 days prior to the election. Additionally, a school district located in an area declared a disaster by the governor may adopt a M&O tax rate higher than the calculated M&O tax rate during the two-year period following the date of the declaration without conducting an efficiency audit.

Districts should review information from TEA when calculating their voter-approval tax rate.

SECTION 3: Voter-Approval Rate Adjustment for Pollution Control

A school district may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The school district's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The school district must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control. This section should only be completed by a school district that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 4: Voter-Approval Tax Rate Adjustment in Year Following Disaster

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate in the calculation this year. ³⁵ As such, it must reduce its voter-approval tax rate for the current tax year.

NOTE: This section will not apply to any taxing units in 2021. It is added to implement Senate Bill 1438 (87th Regular Session) and does not apply to a school district that adopted a tax rate without the required election in 2020, as provided for in the recently repealed Tax Code Section 26.08(a-1).

In future tax years, this section will apply to school district in a disaster area that adopts a tax rate greater than its voter-approval tax rate without holding an election in the prior year, as provided for by Tax Code Section 26.042(e).
